

wallbe® LUX smart  
SMART DESIGN  
WALLBOX

design by  ben elmecker

## Highlights

- › Ideal for private and public use
- › Charging performance 11kW / 22 kW AC
- › Ready to use
- › Easy handling
- › Dynamic load management possible
- › MID meter / energy meter
- › High quality glass front
- › Robust metal housing
- › LED background lighting

The wallbe® LUX smart is the ideal choice for modern architecture where exclusive materials, innovative functionality and clear design are preferred.

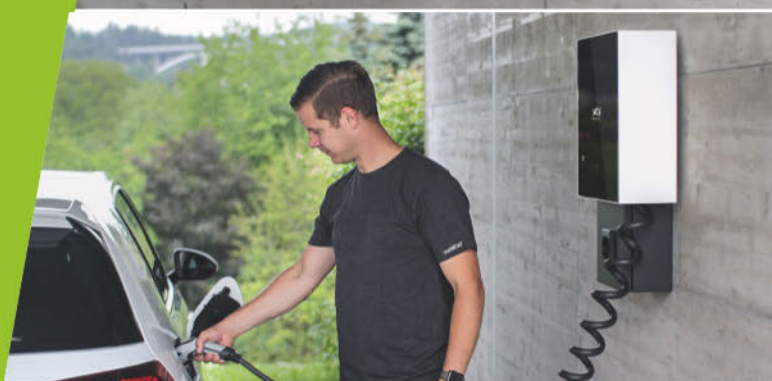

For the first time, the LUX SMART combines two perfectly complementary high-quality components, metal and glass, in a single loading concept. Robust materials with a LED background lighting creating a unique design. The wallbe® LUX smart is available in two power classes (11kW/22kW).

# wallbe® LUX smart DESIGN MEETS INNOVATION

## Advantages

- › Made in Europe
- › Design by Ben Elmecker
- › Individual branding
- › Practical cable management  
Optional with Type 2 socket
- › Flexibly scalable
- › Dynamic load management possible

design by  ben elmecker

## Technical data wallbe® LUX smart

Charging cable	Standard: 4 m spiral charging cable, type 2 Option: Type 2 socket outlet
Charging performance	11 kW / 22 kW- 16 A 3-phases 400 V
Authorization	App (Android & IOS), RFID
Interfaces	Standard: Ethernet RJ45 & Modbus RS485
Protection	RCM module - DC fault detection 6mA DC according to IEC61851 / load contactor welding detection
Compliance	Standard compliant acc. to IEC 61851 Mode 3, CE Compliant
Colour	Standard: black / white, Front: glass
Dimensions / Weight	H 625 mm x W 400 mm x D 160 mm
Origin	Made in Europe – <a href="http://www.wallbe.de">www.wallbe.de</a>
Temperature / protection class	-20°C to +55°C / IP 44
